

Marriage, Manners and Music

MARRIAGE MANNERS AND MUSIC New full length show highly suited to village hall and community venues.

Trisha has been touring shows around the country for many years! In recent years her tours of the Joyce Grenfell shows were highly acclaimed . She is also a jazz singer who is a little obsessed with the 1950's. This show combines some classic and popular songs of the era with an amusing look at extracts from manuals and magazines of the time. Relationships, parenting, health and beauty, the wonder of man..... it's all covered!! Trisha uses wonderful costume of the era - and has a few surprise costume changes here and there!

The show runs for 1hour 30 mins approx and allows for an interval after the first half (1 hour in).

Technical requirements are deliberately kept very minimal - a socket is really all that is needed This enables all sorts of venues to book and give their locals a great evening out.

See reveiws page for all sorts of positive feedback - it need only be said that Trisha always gets asked back - I think that means something!!!!

Fee and details - [Click Here](#) for the contact form - she will be happy to have a chat.

Trisha is happy to provide posters.
