Trisha Lewis can make people dance! Trisha has vast experience in performing to suit the occasion - whatever the space/audience/time of day! She has a wonderful playlist of good quality backing tracks - popular numbers from the 40's/50's/60's..... and a few 70's for luck! From Peggy Lee to Diana Washington to Vera Lynn to Doris Day ..... all the good stuff!! She is 'self-contained' - own Portable PA system etc. Sets can be tailored to a specific brief. Trisha often includes some archive recordings of wireless theme tunes/comedy sketches etc.... all highly evocative! So - Birthdays, anniversaries, club events, fund-raisers..... you name it..... details and fees can be discussed Download - True Love Waltz
